CLINICS INFORMATION

WARSAW

Warsaw, the capital of Poland, is a vibrant city blending rich history with modern energy. Situated on the Vistula River, it is the country's largest city with a population of 1.7 million people and a hub for politics, culture, and commerce. Despite its near-total destruction during World War II, Warsaw has risen from the ashes, earning the nickname "Phoenix City."

The city's historical center, the Old Town, is a UNESCO World Heritage Site, meticulously reconstructed after the war. Landmarks such as the Royal Castle, Market Square, and St. John's Archcathedral showcase its storied past. In contrast, modern skyscrapers like the Warsaw Spire dominate the skyline, reflecting the city's rapid development.

Warsaw is also a cultural hotspot, home to world-class museums like the POLIN Museum of the History of Polish Jews and the Fryderyk Chopin Museum. Parks and green spaces, including Łazienki Park and Wilanów Palace Gardens, offer tranquil escapes from the urban buzz.

The city's robust public transportation network, diverse culinary scene, and dynamic nightlife make it an attractive destination for visitors and residents alike. As a symbol of resilience and progress, Warsaw continues to captivate all who experience its charm.

WHO SHOULD ATTEND THIS CLINIC

All World Aquatics certified swimming officials wishing to participate in European Aquatics events during 2025 must attend this important clinic, either in-person or via the online facility, details of which will be announced in due course. Officials who do not participate in this clinic may not be eligible to be appointed to one of the EA swimming championships in 2025.
